SIR:

In response to the Official Action dated May 20, 2002, please amend the above-identified application as follows:

IN THE CLAIMS

Please amend Claims 1 and 35 as follows:

1. (Once Amended) A laser diode module comprising:

a laser diode;

an optical system including an optical fiber and a lens portion, said optical system

being configured to receive and transmit a beam emitted from said laser diode through said

lens portion to said optical fiber along an optical axis;

a base configured to support said laser diode and at least a portion of said optical system, said base including a structural support member configured to prevent warping of
